---	-----------------------------

Important: please see notes overleaf

IMPORTANT PLEASE READ

1. All electrical installations (including main only) must be ordered via the main electrical contractor Bill Moule & Sons Ltd.
2. All electrical installations must comply with the Venue Regulations.
3. Only one four way trailing outlet (maximum 500 watts) per socket may be used.
4. Flexible cord (round cable) may not be longer than two metres.
5. Lighting circuits must not exceed 1000 watt / 10 luminaires
6. Cheques should be made payable to: BILL MOULE & SONS LTD
7. Any complaint regarding the electrical installation must be reported in writing before the close of the exhibition.
8. Unless supplied with a drawing the installation will be fitted at the electrician's discretion. Any repositioning of these on site will be charged for at £25.00 per item.
9. If any electrical fitting/s are positioned within the stand i.e. not attached to the walls or fascia, please make sure that the corresponding light battens have been ordered from the official stand contractor.+
10. Clients tracks must be installed by the owner/agent. The connection of the electrical supply to the track will be made by the official electrical contractor.
11. No allowance has been made for maintenance to clients own fittings / tracks during the exhibition.
12. Showcases with lighting will require a 500w socket each – please remember to order any extra.
13. All sockets will be UK 3 pin.
14. **Testing of Electrical Installations** - New regulations regarding testing comes into operation from July 2012. The Regulations state that all electrical installation must be tested to BS7671 / BS7909 All circuits installed by Bill Moule & Sons are included in our test procedures and costs. All other circuits not installed by Bill Moule & Sons whether installed on a free build, or shell scheme interior must be tested by Bill Moule & Sons. The cost will be £15.00 per circuit.
